EHA-SWG Scientific Meeting “Red Cell and Iron metabolism defects: From Basic Science to Clinical Case Application”

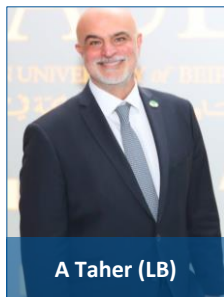

About the meeting

Join the EHA-SWG Scientific Meeting on Red Cell and Iron metabolism defects: From Basic Science to Clinical Case Application for a three-day scientific meeting focused on examining red cell and iron biology during erythropoietic differentiation. It will further outline possibilities for diagnosis and treatment of both inherited and acquired conditions of anemias and red cell disorders.

Date: October 12-14, 2023

Location: Budapest, Hungary

Format: Hybrid

Program:

- Thalassemias
- Sickle cell disease
- Diserythropoietic anemias
- Red cell enzyme defects
- Atypical microcytic anemias
- Hereditary hemochromatosis
- Iron metabolism
- Paroxysmal nocturnal hemoglobinuria
- Iron deficiency/iron deficiency anemia
- Aplastic anemia
